Spacing: 2/3" Blade Spacing

SDG10

Horizontal Face Blades

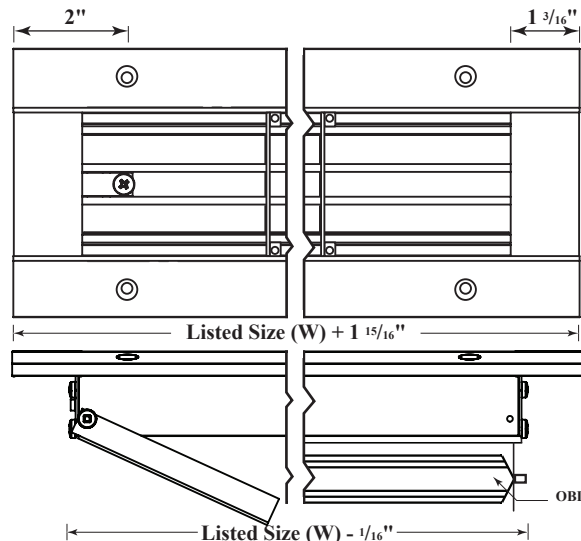

- ☐ SDG10-H Aluminum Fins
- ☐ SDG17-H Steel Opposed Blade Damper
- ☐ SDG18-H Aluminum Fins with Air Scoop

Vertical Face Blades

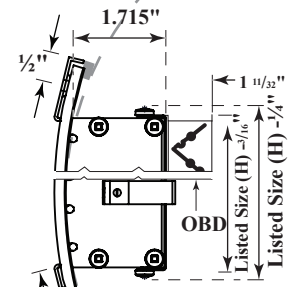

- ☐ SDG10-V Aluminum Fins
- ☐ SDG17-V Steel Opposed Blade Damper
- ☐ SDG18-V Aluminum Fins with Air Scoop

Nice feature: Fins follow the curve on the face of the grille.

- Super easy to order and keep stock!
- No need to specify duct dimension!
- Just width and height of the grille!

3/4" leak-proof gasket to fit all duct sizes if no duct diameter specified otherwise 1/2" leak-proof gasket when duct diameter specified bigger than 20" & none when lesser than 20" (see -GK option below).

*See bold-border box in the column above.

☐ Can specify exact duct diameter or not. If no diameter specified, then **universal/default** duct diameter is used and a 3/4" leak-proof gasket is used to fit all duct sizes.

☐ Not recommended, grille neck blocking air flow. Try smaller height and longer grille. Must **specify exact duct diameter** if you really want this size.

☐ Not possible. Will not fit the duct. Universal/Default duct diameter will not fit for these duct sizes. Must **specify exact duct diameter** if you really want this size. Best to try smaller height and longer grille in order to use a **universal/default** sized grille.

Options

☐ -GK (1/2" x 1/2" thick)
